

# CHAPTER REPORT

## State of the Chapter

Mr. Speaker, Mr. Vice President,  
Esteemed Alumni,

Let me begin by saying how grateful I am to be delivering this address to you.

The state of our chapter is strong. Economically we are starting the semester on the right foot, with all dues accounted for. We have the fewest number of brothers on probation in four years.

Last April the brotherhood completed the great feat of returning the Charter to its rightful place in the fraternity house living room — which is as unkempt as a North Korean prison.

Pi Lam athletics continue to improve. We participate in every sport, and this semester, had winning records in soccer, football, and basketball. We are also shooting to have the most service hours of any fraternity on campus and taking our rightful place as “Chapter of the Year” at Temple University.

To add to our collection of important awards from IHQ, PA Alpha Delta cleaned up the national convention winning numerous pieces of notarized paper.

The chapter received certificates for outstanding performance in:

- Community Service
- Scholarship
- Alumni Relations
- Housing
- Campus engagement
- Athletics
- Chapter Operations
- Fraternalism
- Philanthropy
- Risk Management

*Brothers celebrate the receipt of their charter, to be proudly displayed in the unkempt living room.*

These brothers received individual certificates of recognition:

- Jacob Atar
- Tue Ho
- Malcolm Kenyatta
- Bryan Mann
- Nate Moore

Malcolm Kenyatta also became only the third PA Alpha Delta brother to receive the Rafer Johnson Upsilon Achievement Award.

Finally, Ryan Overturf, won Chapter Advisor of the year. Expansion director, Ian Lowe, had this to say of Mr. Overturf, “He’s like a young me, if I had hair and V-neck t-shirts in my closet.”

Now let me address our current status and what must be done to improve on such a successful 2011-2012 term. There are currently 34 active brothers with the recent addition of eight new members from

the Fall 2012 class. Most of our members and current leaders still have at least two years left to direct the chapter in a positive direction.

We are not ignorant to the fact that we have received lots of help from our gracious alumni and ask for your continued support in philanthropy efforts such as the Ian Mentzer Scholarship Fund, and a graphing calculator drive for the underfunded local schools.

Yes, this is truly an age of great promise and prosperity, a great time to be a brother of PA Alpha Delta. So be proud my brothers, be proud to wear your letters.

Fraternally,

Dave Severns  
*Re-founding father on the five-year graduation plan*
