

**PI LAMBDA PHI**  
PENNSYLVANIA ALPHA DELTA

# CHAPTER REPORT

## State of the Chapter

The spring semester has been challenging for PA Alpha Delta. While the executive board planned to continue leading our organization in the right direction, three weeks into the spring semester our president got expelled.

Instead of letting this break us down, it made us stronger as a brotherhood. Within three weeks we elected a new president, Anthony Lopa, who is stepping up to the challenge. The brothers of our fraternity are resilient, and the IHQ and the university praised the way we handled the situation.

Then, just when we were righting the ship, we got news that the Greek Housing Alliance, the owner of 2000 N. Broad, accepted an offer to sell the house to Temple University. We were so deflated. We loved the house and understand it will always be associated with the great memories and bonds of hundreds of brothers and alumni.

Once again we made the best of it and found a way to persevere. In the fall, we are relocating to Diamond Street. Brothers are already planning on projects to make it feel more like ours. The loss of our chapter house hit us hard, but we know that Pi Lam is more than a physical place, 'the house that leads' is wherever Pi Lam calls home.

## Philanthropy

In Fall 21' and Spring 22' we held twelve events, including a winter clothing drive for the Bethesda

Project. In Spring 22' we set a fundraising goal of \$2,000 for MADRE, a charity whose goal is to Advance Women's Rights Through Social Participation.

## Intramurals

The Pi Lam intramural basketball team didn't lose a game in the Greek league, finishing with a record of 5-0-1. The sixth seed in the intramural league finals tournament, we made it all the way to the quarterfinals. We expect to be back and win the championship next season!
