

CHAPTER REPORT

Not 4 Years But a Lifetime

The brothers of Pilam made it halfway through the 2025-2026 school year. With a brand new class of 20 brothers, our chapter grows stronger and more connected by they day. The chapter is still actively engaged in keeping our community clean and our message strong and positive.

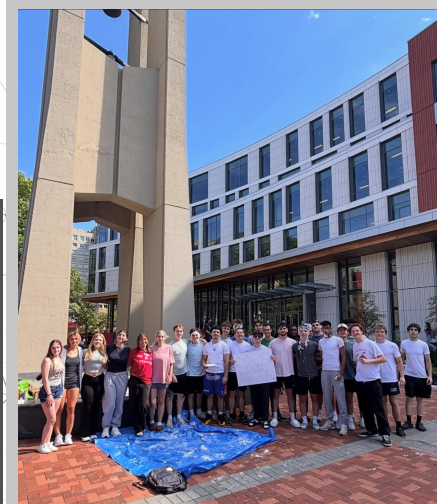

Intramural Sports

The brotherhood participates every semester in team events against other fraternities on campus like basketball and kickball.

Philanthropy

This semester the brothers worked to raise money for the special Olympics foundation and Breathing Room. We also worked closely with sororities such as Delta Phi Epsilon with these events with block clean ups, t-shirt raffles, and clothing drives.

Fratsgiving

One of our more recent annual traditions carries on. Fratsgiving is a way for the brothers to get together before the holidays and share a night to remember what we are all thankful for. Everyone brings a little bit of food to share with each other.

Homecoming tailgate

For this years Temple homecoming game we invited down all the brotherhoods family and Aephi for an amazing day. A big thank you to the parents and everyone who helped make this day possible.

Riding the hype from last years Superbowl win, the brothers have also tailgated some of the Eagles games. Hoping for another big win from the birds.

Formal 2025

The fall 2025 formal was held at Wicked Wolf. The brotherhood had a great time right before taking on finals week.

Block Clean Up x Deeph

Dividing into teams we worked hand in hand with Delta Phi Epsilon to clean the trash off of over ten local blocks in our area. We care deeply about leaving an image that reflects our fraternity's values. We will continue to do this an help any way we can long into the future.
