Dear Brother [last name]:

I sincerely hope you are enduring the summer heat waves and for the most part, were able to avoid unsightly armpit sweats. But be thankful, it's nothing compared to summer sessions in a chapter house with wide-open windows and fans that only served to draw in the wafting smells of a ripening North Philly.

Thankfully, fall is approaching, bringing forth an ambitious calendar of events and a new semester for the chapter with the promise of social festivity, rush excellence, and hopefully few punishable rule infractions.

Behold brothers, the fall events we have planned, and read about some of the recent developments and commendable moments of the alumni and undergrads over the past year.

### The Temple Fund and Paul Lucas Scholarship established

We're very pleased to announce the establishment of a new restricted fund to directly benefit our chapter. The Temple Fund was created through the Pi Lambda Phi Educational Foundation to support the educational needs of PA Alpha Delta undergrads.

With this fund we were able to successfully create an annual PA Alpha Delta scholarship honoring the memory of Brother Paul Lucas '94. Paul was a beloved brother, known by many decades of Pi Lams because he was ever-present at Pi Lam activities and volunteered his support whenever called upon.

### Snaps to alumni recognized by Pi Lambda Phi for their service to the chapter

Congratulations to Jim Kelsh '75, who was recently awarded the prestigious Pi Lambda Phi Council Key! Only six PA Alpha Delta brothers have received this honor which is given for meritorious service over a number of years. Jim was instrumental in our chapter refounding in 2009, and has served as an officer on the PA Alpha Delta Alumni Association since 2006.

In the "too little to late category," two of our legendary Chapter Advisors who built the groundwork for our current alumni association and set the standards for giving back to PA Alpha Delta. Snaps to Spencer Glass '83 and Rob Kwornik '87 who were awarded Certificates of Merit!

This year the Chapter Coaching Board was revived to provide support to undergrad leaders. These alumni volunteers are paired with undergrad counterparts to provide their seasoned advice and help them work through their challenges as developing leaders. These chapter coaches received Certificates of Merit for their efforts: Bob Arthur '97, Chris Cataldi '96, Gary Gordon '68, Steven Gordon '66, and Dave Drosdick '14. Congrats gents!

### Chapter Awards

At the Pi Lam convention in Chicago, the chapter was recognized with Certificates of Achievement in Civic Engagement, Philanthropy, and Recruitment. Our chapter was in the top five for fall recruitment for the last two years.

### How you can help

#### Stay involved “Not Four Years, But a Lifetime.”

We all say it, and we all strive to live it. Think of the impact that being a Pi Lam brother has had on your life. Maybe it's someone you've kept up with over the years, helped you get a job, or was a close friend (or partner in crime) as an undergrad.

As alumni, it's our responsibility to make sure that the brothers who follow us feel that same impact. The saying “many hands make light work” comes to mind. Whether it's a donation, volunteering as a chapter coach or alumni association volunteer, or championing an idea or cause, getting involved is truly rewarding, and it really doesn't come at a great cost.

#### Please send a contribution today.

Please help the PA Alpha Delta Alumni Association continue to help keep us all in touch while supporting the active chapter. Your donation supports operational costs including mailings, digital communications, website hosting, email services, data management, and other services that help us keep you informed and hopefully, somewhat amused. We also subsidize the cost of undergraduate/alumni events.

| Supporting the Alumni Association is easy                                                                                                                                                                               | Donate                                                                                |
